

# Three founding churches.

Nothing here is off the shelf. Three apps — **Members, Messages and Prayer** — custom-made for your church: your week, your people, and the way your staff actually works.

## \$24,000

TO BUILD · ONCE

- **\$12,000 at signing, \$12,000 at go-live**
- **Members, Messages and Prayer**, custom-made for your church
- Set up around your church's own week
- Your people brought across
- A week on site with your staff
- Live **6–8 weeks** after signing

## \$550 / month

FIRST CAMPUS · \$275 EACH ADDITIONAL

- **Locked for three years** at the founding rate
- Hosting and support
- Every improvement to your three apps

One campus over three years: **\$43,800** — the \$24,000 build and \$19,800 in subscription.

### WHAT PASTORS ASK

|                             |                                                                                                                     |
|-----------------------------|---------------------------------------------------------------------------------------------------------------------|
| <b>After three years</b>    | The monthly price rises by no more than 10%, with 90 days' notice.                                                  |
| <b>If you want to leave</b> | A 12-month minimum, then cancel with 60 days' notice. You take a full export of your data, and the rest is deleted. |
| <b>Shaping what's built</b> | A 30-minute call with Alberto each month to shape how your three apps work.                                         |
| <b>Your people's data</b>   | Yours. Pastoral notes stay visible to pastors only, and consent is recorded for every person you message.           |
| <b>Decide by</b>            | <b>November 17, 2026.</b> Founding pricing holds for churches that sign by then.                                    |

**HopeCity Church · Winston-Salem, NC**  
Pastor Scott Newton's team has run their week on Mizpah since August.
